When ease and simplicity come to your home. This new series is ideal for integrating day-to-day solutions into your home for better comfort and without emptying your pocket.

Design inspiration

Run away from straight corners, give rise to rounded corners.

Smooth
surface

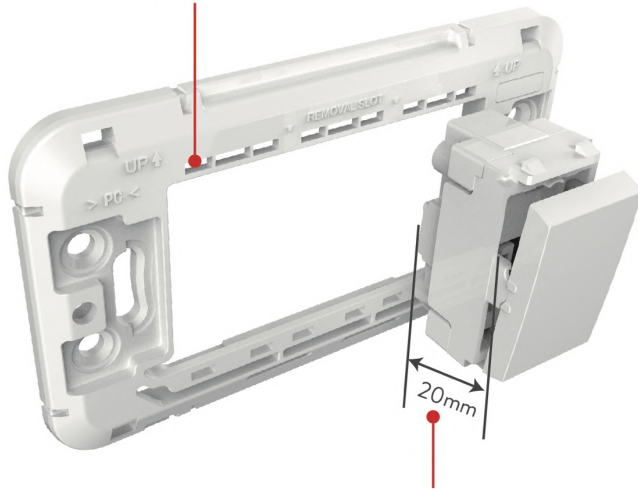

Rough
surface

2 different surfaces,
2 different textures.
The perfect combination.

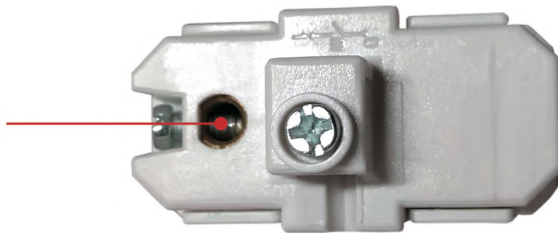

Details matter

Mounting and dismounting from the back frame is easy thanks to the fast action notches.

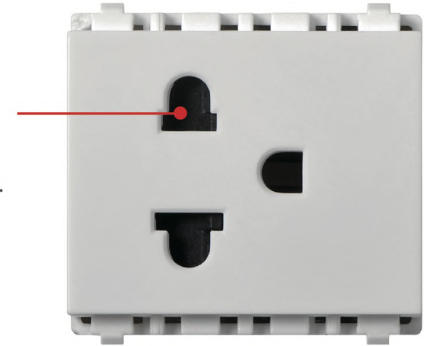

Maximize the free space, less than 20mm depth.

Screw terminals, for all kinds of wires.

Simon socket employs "children safety lock" protection, it prevents people putting strange objects into the plug holes.

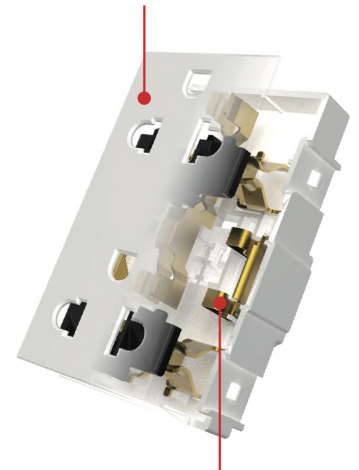

Connection diagram on the back for easy recognition of function.

Fast connection terminals to save time. (1,5mm² - 4mm²)

Product with PC material, high strength and good fire resistance.

Current carrying parts are made by tin phosphor bronze with high electrical conductivity and heat dissipation properties.

Every solution for your daily needs.
